STATE FAIR BOOTH ATTRACTS MANY FROM RECORD CROWD

Large color photos of G.S.M. members on our recent field trips to the Gunflint Trail and the Vermillion Iron Range caused many to stop and inquire at our Fair booth in the Education Building. The four pictures were from among several score taken by Jeff Garry, who also enlarged them. Our display also included maps of state quarries and bedrock, and the list of geological markers we promoted along main highways in years past. Bob Handschin, George Johnson, Dick Uthe, and Dwight Robinson put up the display.

Wilbur Hill undertook all the phoning to get volunteers to staff the booth for 36 four-hour periods. Meeting the public at the booth were 37 members, some of whom served more than one turn: Grace Benz, Irene Carlson, Henry Gangl, Jeffrey and Krista Garry, Bob Gunville, Bob Handschin, Wilbur Hill, Dale and Wilma Johnson, George and Goldie Johnson, Sr. Joan Kain, Sr. Martha Kieffer, Mary Kimball, Dorothy Longfellow, Alex and Marlys Lowe, Marjorie McGladrey, Conrad Nelson, Jack and Jackie Nesheim, Ralph and Marietta Novotny, Clarence and Liz Ooten, Sue Otto, Dwight Robinson, Jerry Roth, Eva Selander, Dick Uthe, Don and Betty Wheeler, and Susan Wisniewski. The Novotnys once again came from their Renville County farm to visit the Fair and help out at our booth.

This year, with more mineral leasing in several sections of the state, there were more inquiries than usual about oil and gold. We told them that that's something we study in our lectures and field trips, but we didn't promise to give out any hot tips!! As in the past, we expect quite a few new faces at our lectures this winter from this year's booth contacts.
